

Statement of Understanding with Homeowner

I, _____, am the owner of the property at _____ . I give permission to volunteers of Keep Albany Dougherty Beautiful (KADB) to work on my property for the purpose of removing root balls and other storm related debris from the damage caused by the January 2nd tornado in my neighborhood. I understand that KADB, and any related agency as well the City of Albany, which will provide technical services, have no insurance coverage for protection against legal claims or liability damage suits that might arise in or from their volunteer work on my home and property. Therefore, in consideration of the voluntary services rendered, or to be rendered to me or on my premises by members of the above organization, I hereby waive any and all claims or demands that may arise or accrue to me, growing out of any action or omission by said organization or any of its members or helpers in rendering such voluntary service and specifically covenant not to sue it or them for any of said acts or omissions.

“Rootball Roundup” is a collaborative effort to remove remaining Storm 1 debris from private property, that exceeds the capacity of many homeowners and occupants. The goal of the program is to put debris in the right-of-way so that it can be collected by the City Of Albany’s contractor, CERES, by June 15th, 2017. Volunteers conducting the work will not be responsible for landscaping or repairs, including damage resulting from the removal of root balls or other debris.

Participation in the program is completely voluntary. The attached hold harmless forms will need to be completed by the home owner prior to any clearing of debris.

Homeowners Responsibilities:

Scope of Work: (Use additional forms if needed)
